Home Owner VINTAGE ESTATES  
Well ID/Address 204 W MILLER  
Well City MEQUON, WI 53097  
Sample Location KITCHEN TAP  
Lab # 566166  
Collected By/Date A LIEBAU 6/13/2021

Report Date 30-Jun-21

Analyte	Result	Units	LOD	LOQ	Dil	Dig	Date	Run Date	Mthd	Analyst	QC Code
Inorganic Metals											
<b>Copper</b>	<b>31.6</b>	ug/l	2	6.7	1		6/30/2021	3113B	AS		1
<p>(as total Cu) Copper is toxic, especially to children, and is an irritant to the digestive tract. The presence of copper may tint blond hair greenish blue; and it may also cause staining of light-colored clothes. Water containing more the 1,300 ug/L (parts per billion) is likely to be providing amounts in excess of the normal human intake, but may not necessarily be toxic. The EPA's recommended Maximum Contaminant Level (1,300 ppb) is based on taste and total dietary intake, not toxicity.</p>											
<b>Lead</b>	<b>None Detected</b>	ug/l	0.8	2.7	1		6/22/2021	3113B	AS		1
<p>(as total Pb)...Excess levels of lead can cause damage to the brain, kidneys, nervous system, red blood cells and reproductive system. The EPA and DNR consider levels above 15 ug/L (parts per billion) harmful.</p>											

LOD Limit of Detection

None Detected = Result was less than the LOD

LOQ Limit of Quantitation

Code	Comment
1	All laboratory QC requirements were met for this sample.
